STABLE HOMES PARTNERSHIP

SUPPORT
Landlords in the Stable Homes Partnership support the Fredericksburg Community one household at a time by offering affordable housing to low-income families and individuals at Fair Market Rent.

MARKETING
We have a list of screened and approved clients ready to move in. Landlords don’t have to advertise their rental.

ASSISTANCE
Every tenant placed through the Stable Homes Partnership has a professional case manager who provides assistance to the client and in an immediate contact for the partner landlord.

RENT
Landlords receive fair-market on time rent facilitated by the organization placing the client.

Never let a rental unit sit vacant. We have a client that needs you.

On any given day, 200 adults and children are homeless in our community...

Homelessness is often a root cause of many other issues such as poor health, trouble in school, and lack of employment. No one can feel stable without a place to call home.

The Stable Homes Partnership provides a network of housing and case management to families that need a place to call home, a place from which they can feel empowered to rebuild their lives.

And it works! 81% of families re-housed through this program have not returned to homelessness after 2 years.

BECOME A STABLE HOMES PARTNER TODAY

1. Connect with housing locator to discuss the program and your involvement.
2. Alert housing locator when there are vacancies in your housing portfolio.
3. Review tenant applications.
4. Meet with approved tenants and hand them the keys to their new home.

For more information visit fredericksburgcoc.org or call the community housing locator at 540-760-3310.
