Ohio Bird Sanctuary
COVID-19 Spring Evening Camp Policy

(This policy was put in place on May 21, 2020 and updated January 24, 2021. It is subject to change based on updates given by the Governor or Ohio Department of Health.)

The Ohio Bird Sanctuary will be operating the 2021 Spring Evening Camp following the recommendations put in place by the Ohio Department of Health. We will be following the plan outlined below:

- Camp will have a maximum group size of 12 students.
- Face masks are optional for campers. Campers may wear a face mask, but they are not required by the Sanctuary. Our staff will not be wearing a mask when outside or when more than 6 ft away from campers.
- Surfaces within the Education Building will be cleaned prior to and after the camp.

Camper Drop-Off Plan
- When dropping your child off at camp, you should come to the parking lot by the Education Building. Follow the signs directing you to drop-off location. Parents should remain in the car unless the camper needs assistance getting out of the car.
- An OBS staff member will greet cars.
- The camper will then go in the Education Building to drop off any personal belongings.

During the Day
- Unless weather deems it unsafe, the camp will take place almost entirely outside.
- Each camper will have a designated spot to put their personal items that is separate from others.
- Hand washing procedures:
    - After touching animals
    - After going to the bathroom.
    - Before eating

Camper Pick-Up Plan
- When picking your child up at camp, you should come to the parking lot by the Education Building. Similar to drop-off, parents should remain in the car unless the camper needs assistance getting into the car.
- An OBS staff member will greet cars and confirm who you are picking up.
- Your child will then be dismissed to leave.
